MUCH IN LITTLE.

President Cleveland's answer to the slander published about him, to the the Democratic ticket in New York, is valuable to his party and to his couny. The answer is short, to the int, and absolutely conclusive.

Mr. Cleveland, who occupies the highest position within the gift of men, frankly declares his allegiance. This declaration will individual Democrats may differ with the President on points of doctrine or policy, that he is as sound a Democrat as anyone. There are those in all sections of the Union who have thought he was too liberal in his treatment of Republican office holders, too slow in removing them and too sensitive to civil service reform critics. None of them will now be able to charge him with a want of party fealty.

As President Mr. Cleveland has won he highest praise from fair men of all rties, as a Democrat, he deserves to be classed as a leader of leaders.

Death of Ex-Gov. Talbot. Lowell, Mass., Oct. 6.—Ex-Gov. Talbot died at 1:30 o'clock to-day. BECK AND PEARCE.

It should not be forgotten that last year Richard F. Beck was conspicuous in drawing the color line against Judge Jeffords particularly, and the white people of this district generally. He manipulated the county convention here and had himself and a few other worthies of both colors appointed as delegates to the Congressional Nominating Convention at Greenville. Arrived at that place he made himself conspicuous by seconding the nomination of that impudent and insolent mulatto, A. G. Pearce, as the Republican candidate for congress in this district. It is needless to remind our readers of the storm of indignation and disgust with which the nomination colored men, Democrats and Republicans alike spurned and spit upon the disgraceful nomination. Like all cowards Dick Beck soon became paralyzed with fear when the storm he gan to display its power. Like a frightened cur he was appalled at the result of his own handy work, and made haste to declare that he would not vote for that "d-d nigger" Pearce! How he actually voted no man can tell. but it is safe to assume that the dog returned to his vomit, and cast a silent vote for the wretched creature for whose sake he had slaughtered and attempted to degrade an honorable white Republican like Judge Jeffords.
